

## Calculus of Hate

How Natives persist in  
their ungratefulness!

Look no further than our  
American Indian, though

Africans, too, never studied  
after courses of exhausting  
benevolence. Now Iraq where

they despise each other en-  
tirely and us even more.

Oh well! White Man's Burden  
never a popular load. God's Will

we bear it, though, not cut  
and run from responsibility.
